GERAN®
 physical access control products
 DISTRIBUTED EXCLUSIVELY IN EUROPE BY GERAN

ISO 9001:2015

COMPANY PROFILE

Established in 1990, Turnstar provides a total solution for all physical access control and time & attendance applications.

Turnstar operates from a modern 7 700m² factory in Johannesburg, South Africa, and manufactures some of the world's most reliable and durable entrance control products. Products manufactured by Turnstar include a full range of turnstiles, speedgates, revolving doors, man-trap cubicles, vehicle barriers, high security spike barriers and anti-terror rising bollards & road blockers.

A full research, design and development team is able to assist Turnstar clients from project conception, all the way through to on-site installation.

Customers range from global mining companies and financial service providers, to single-site retailers.

The company is driven to provide products that are a fit-and-forget solution. State of the art production processes and machinery combine to produce products of the highest quality which are trusted worldwide.

All Turnstar products offer fully integrated performance. All access control, ticketing and time & attendance systems are compatible with Turnstar products.

INDUSTRIAL TURNSTILES

FULL HEIGHT

TRIUMPH FULL HEIGHT INDUSTRIAL TURNSTILE

- Biggest selling turnstile in Africa.
- Suited for applications requiring high volume access and high levels of security.
- Available in single and double.
- 3 arm (120°), 4 arm (90°) and 5 arm (72°).
- Interior and exterior installations.
- No routine maintenance or lubrication required.
- 5 year mechanical, 2 year electrical guarantee.

TITAN FULL HEIGHT INDUSTRIAL TURNSTILE

- Provides a high level of perimeter security.
- Aesthetic choice for any entrance.
- Severe operating conditions.
- Available in single and double.
- 3 arm (120°) and 4 arm (90°).
- Interior and exterior installations.
- No routine maintenance or lubrication required.
- 5 year mechanical, 2 year electrical guarantee.

TRIBUNE FULL HEIGHT ULTRA SECURE SINGLE READER TURNSTILE

- Provides the highest levels of security.
- Allows for 100% validated entry and exit transactions.
- Ideal for integration with any biometric reader system.
- Available in single.
- 4 arm (90°).
- Interior and exterior installations.
- No routine maintenance or lubrication required.
- 5 year mechanical, 2 year electrical guarantee.

TRIUMPH FULL HEIGHT

1/2 HEIGHT

TITAN HALF HEIGHT INDUSTRIAL TURNSTILE

- Medium security aesthetic choice.
- Suited for applications requiring high volume access and medium levels of security.
- 3 arm (120°) and 4 arm (90°)
- Available in single and double.
- Interior and exterior installations
- 5 year mechanical, 2 year electrical guarantee.

3/4 HEIGHT

TITAN THREE QUARTER HEIGHT INDUSTRIAL TURNSTILE

- Medium security aesthetic choice.
- Suited for applications requiring high volume access and medium levels of security.
- 3 arm (120°) and 4 arm (90°)
- Available in single and double.
- Interior and exterior installations
- 5 year mechanical, 2 year electrical guarantee.

FULL HEIGHT PORTABLE

TOURNAMENT PORTABLE WAIST HEIGHT SINGLE TURNSTILE

- Perfect solution for any event.
- Suited for applications requiring high volume access and medium levels of security.
- Suitable for use on any indoor or outdoor surface.
- Compatible with any access control or ticketing system.
- Forklift channels for ease of movement
- 5 year mechanical, 2 year electrical guarantee.

WAIST HEIGHT PORTABLE

TRIUMPH 4 PORTABLE FULL HEIGHT TURNSTILE

- Perfect solution for any event or construction site.
- Suited for application requiring high volume access and high levels of security.
- Suitable for use on any indoor or outdoor surface.
- Available in single and double configurations.
- Forklift channels for ease of movement.
- 5 year mechanical, 2 year electrical guarantee.

PRESTIGE & INDUSTRIAL TURNSTILES

WAIST HEIGHT

TRIDENT WAIST HEIGHT SINGLE TURNSTILE

- Designed for high speed ultra quiet operation.
- Suited for applications requiring high volume access and medium levels of security.
- Available in powder coated mild steel and brushed stainless steel.
- Granite and stainless steel tops.
- 5 year mechanical, 2 year electrical guarantee.

STREAMLINE WAIST HEIGHT SINGLE TURNSTILE

- Designed for high speed ultra quiet operation.
- Suited for applications requiring high volume access and medium levels of security.
- Available in powder coated mild steel and brushed stainless steel.
- Granite and stainless steel tops.
- 5 year mechanical, 2 year electrical guarantee.

TRIDENT WAIST HEIGHT DOUBLE TURNSTILE

- Designed for high speed ultra quiet operation.
- Suited for applications requiring high volume access and medium levels of security.
- Available in powder coated mild steel and brushed stainless steel.
- Granite and stainless steel tops.
- 5 year mechanical, 2 year electrical guarantee.

DROP ARM BARRIER

- Suited for applications requiring medium volume access and medium levels of security.
- Optical safety sensor.
- Brushed stainless steel and polycarbonate barrier arms.
- Cabinet manufactured from brushed stainless steel.
- Granite and stainless steel tops.
- 12 month guarantee.

SPECIAL NEEDS GATE FRAMED SEMI-AUTOMATIC 180°

- Suited for applications requiring low volume access and low levels of security.
- Provides controlled access and unassisted closing for any need, be it trolley, wheelchair or baby buggy.
- 90° left hand and right hand options also available.
- Framed glass.
- 12 month guarantee.

SPECIAL NEEDS GATE FRAMELESS SEMI-AUTOMATIC 180°

- Suited for applications requiring low volume access and low levels of security.
- Provides controlled access and unassisted closing for any need, be it trolley, wheelchair or baby buggy.
- 90° left hand and right hand options also available.
- Frameless glass.
- 12 month guarantee.

SPECIAL NEEDS GATE AUTOMATIC 180°

- Suited for applications requiring medium volume access and low levels of security.
- Provides controlled access and unassisted opening and closing for any need, be it trolley, wheelchair or baby buggy.
- 12 month guarantee.

STAINLESS STEEL AND GLASS BARRIERS

- 38mm 304 grade brushed stainless steel frame.
- Brushed 304 grade stainless steel glass clamps.
- 6mm toughened glass.
- Manufactured in lengths of up to 1 500mm.

SPEEDGATES

SPEEDGATE MOTION

- Operation: Glass wings retract into cabinet.
- Suited for applications requiring ultra high speed access and medium levels of security.
- Available lane sizes: Narrow lane (550mm), standard lane (650mm), wide lane (900mm)
- Unlimited number of lane configurations.
- Optical safety sensor array.
- Sophisticated anti-tamper and anti-tailgate detection.
- No routine maintenance required.
- 3 year mechanical, 2 year electrical guarantee.

SPEEDGATE KINETIC

- Operation: Glass wings open away from the pedestrian.
- Suited for applications requiring ultra high speed access and medium levels of security.
- Available lane sizes: Narrow lane (550mm), standard lane (700mm), wide lane (900mm)
- Unlimited number of lane configurations.
- Optical safety sensor array.
- Sophisticated anti-tamper and anti-tailgate detection.
- No routine maintenance required.
- 3 year mechanical, 2 year electrical guarantee.

SPEEDGATE EXPRESS

- Winner of SASDA's best stainless steel product of the year 2012.
- Operation: Glass wings retract into cabinet.
- Suited for applications requiring ultra high speed access and medium levels of security.
- Available lane sizes: Narrow lane (550mm), standard lane (650mm), wide lane (900mm)
- Unlimited number of lane configurations.
- Optical safety sensor array.
- Sophisticated anti-tamper and anti-tailgate detection.
- No routine maintenance required.
- 3 year mechanical, 2 year electrical guarantee.

SPEEDGATE SECURE

- Operation: Glass wings retract into cabinet.
- Suited for applications requiring ultra high speed access and high levels of security.
- Available lane sizes: Narrow lane (550mm) and wide lane (900mm)
- Unlimited number of lane configurations.
- Optical safety sensor array.
- Sophisticated anti-tamper and anti-tailgate detection.
- No routine maintenance required.
- 3 year mechanical, 2 year electrical guarantee.

PRESTIGE & INDUSTRIAL TURNSTILES

HALF HEIGHT GLASS

TRITON HALF HEIGHT TURNSTILE

- Suited for applications requiring high volume access and medium levels of security.
- Ideal for prestige installations.
- Solenoid operated locking mechanism.
- 3 arm (120°).
- Brushed stainless steel.
- Toughened safety glass.
- Top cover with granite inlay.
- 5 year mechanical, 2 year electrical guarantee.
